To access this webinar, first click on the "Register" button on this page. On the day of the webinar, come back to this page and click on the learning activity for the webinar, 2021 Feb Dialectical Behavioral Therapy (DBT) Skills Training: The Essentials.

About the training:
 This 4-part training introduces the Dialectical Behavior Therapy (DBT) Skills: Core Mindfulness, Distress Tolerance, Emotion Regulation and Interpersonal Effectiveness. Participants learn about the function of skills training in DBT, the structure of a DBT skills training program, the goals and general content of each skills module and the targets for DBT skills training. It also provides an overview of the manner in which DBT conceptualizes problems, as well as the behavior change, validation and dialectical strategies used across all modes of the treatment.
